## **Synergy Marine Group chooses Q88VMS**

Singapore – 5 October 2016 – Synergy Marine Group, the leader in integrated ship management for the tanker, gas, dry bulk and container ship sectors, has announced that it has selected Q88 LLC's voyage management solution, Q88VMS, to support the company's commercial operations delivered through Synergy Marine Commercial Management Pte Ltd.

"We evaluated a number of voyage management systems in our selection process, but felt that there was a natural strategic fit between Synergy Marine Group and Q88", said Capt. Madhu Vadakkepat, Director of Synergy Marine Commercial Management Pte Ltd. "Our respective companies prioritize continuous innovation and exploit the possibilities of the latest technologies to keep ahead of the rapidly changing industry trends."

Q88VMS, the latest product in Q88 LLC's portfolio, is a web-based platform for managing all voyage related information. The system supports chartering, fixture creation and voyage operations including Q88's unique email module through which all voyage communications and data can be managed in a single workspace. Built by people with chartering and operations experience, Q88VMS is designed to empower its users, catering to real-world industry dynamics.

Fritz Heidnereich, President of Q88 LLC, said, "We are very excited about further developing our long standing partnership with Synergy Marine, which dates back to 2008. Working with one of the most well respected and innovative companies in the Far East presents a great opportunity for the growth of Q88VMS."
